

Collaborating for the Advancement of Interdisciplinary Research in Benign Urology

Virtual CAIRIBU Events

STAKEHOLDER ENGAGEMENT JOURNAL CLUB. Join the discussion on the importance of engaging stakeholders at all stages of the research process (from basic science to clinical research). We will discuss the article by Concannon and colleagues (2018), "[Practical Guidance for Involving Stakeholders in Health Research](#)", which offers practical guidance for carrying out multi-stakeholder-engaged projects.

DATE: Tuesday February 8, 2022

TIME: 5:00 PM EST, virtual (4 PM Central | 2 PM Pacific)

CAIRIBU Catalyst Conversation with Michael Eadon, MD

CAIRIBU CATALYST CONVERSATION

Join this virtual conversation aimed at catalyzing the creation of new ideas, deep knowledge exchange, and collaborative research. **Michael Eadon, MD**, Associate Professor at Indiana University School of Medicine, Divisions of Nephrology and Clinical Pharmacology, will discuss spatial transcriptomics and the kidney. As scRNA-seq is enabling our deeper understanding of the biology of cells, the use of spatial transcriptomics techniques allows us to measure all the gene activity in a tissue sample and map where the activity is occurring. The combination of these approaches is an exciting addition to the single-cell mapping toolbox.

Check out Dr. Eadon's recent paper in JCI Insight (published May 2021), "[Integration of spatial and single-cell transcriptomics localizes epithelial cell-immune cross-talk in kidney injury](#)."

STAKEHOLDER ENGAGEMENT BASICS FOR HEALTH SCIENCE RESEARCHERS: PUTTING THE PIECES TOGETHER

- Improve your grant applications to PCORI (or other funders) that require a stakeholder engagement plan
 - Strengthen your research agenda
 - More effectively communicate your science to the public
- 4-part monthly series: March, April, May, and June, 2nd Tuesday of the Month.** More information [HERE](#).

MCW P20 Exploratory Center Virtual Seminars

Part 2: Lessons Learned from Three Decades of NIH Funded Research in Geriatric Urinary Incontinence with **Ananias C. Diokno, MD**

DATE: Wednesday, February 23, 2022

TIME: 4:00 PM EST, virtual (3 PM Central | 1 PM Pacific)

More info [HERE](#)

Part 3: Endocannabinoid Signaling and Stress with **Cecilia Hillard, PhD**

DATE: Wednesday, March 23, 2022

TIME: 4:00 PM EDT, virtual (3 PM Central | 1 PM Pacific)

Collaborating for the Advancement of Interdisciplinary Research in Benign Urology

CAIRIBU is a community of NIDDK-funded Centers and Programs whose overarching objectives are to address the gaps in knowledge related to epidemiology, etiology, development, progression, and expression of benign urologic conditions and to train the next generation of leaders in benign urology research
