Collaborating for the Advancement of Interdisciplinary Research in Benign Urology

CAIRIBU is a community of NIDDK-funded Centers and Programs whose overarching objectives are to address the gaps in knowledge related to the epidemiology, etiology, development, progression, and expression of benign urologic conditions and to train the next generation of leaders in benign urology research.

**Congratulations to
Scott Bauer, MD, MS!**

Scott Bauer, MD, MS, a K12 Scholar at the University of California San Francisco-Kaiser Permanente Urological Epidemiology Institutional Research Career Development Program, was recently awarded a Health in Aging Foundation New Investigator Award by the American Geriatrics Society. This award recognizes his translational research in the area of physical frailty and LUTS among older men. Learn more about the award and the study [HERE](#).

Call for Papers

The American Journal of Clinical and Experimental Urology, the official journal of the Society for Basic Urologic Research (SBUR) has announced a call for papers.

AJCEU is an open-access medical journal that publishes papers produced by SBUR members and other researchers. The scope of AJCEU encompasses all areas of Urology. AJCEU welcomes original and review, commentary, and current opinion articles on both clinical investigation, translational, and basic research. Occasionally, editorials, special topic issues, short communications, case report, policy related topics and invited perspectives will also be published. Manuscripts, including figures and tables, must be original and not under consideration by another journal.

Congratulations to the Trainee Award Winners at the 2021 Duke Multidisciplinary Benign Urology Research Symposium, sponsored by the Duke K12 KURe Program.

Petra Popovics, PhD
Basic Science - Best Abstract
Platform Presentation
K12 Scholar, UW-Madison KURe

Loss of Osteopontin Leads to the
Resolution of E. Coli-Induced
Prostatic Inflammation and
Fibrosis

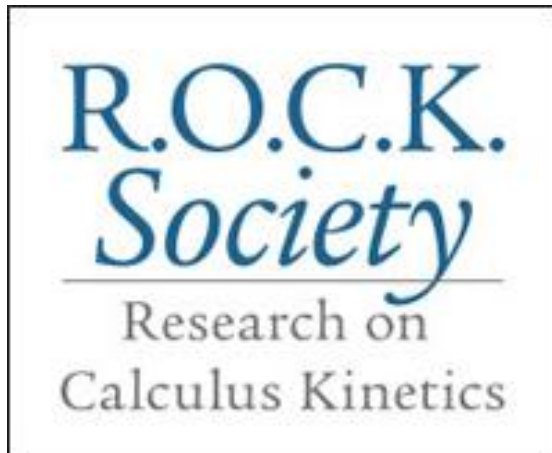

Sonali Advani, MBBS, MPH
Clinical Science - Best Abstract
Platform Presentation
K12 Scholar, Duke KURe

Sustained Reduction in Catheter-
Associated Urinary Tract
Infections using Multi-Faceted
Strategies led by Champions: A
Quality Improvement Initiative

Eric Gonzalez, PhD
Basic Science
Trainee Presentation 2nd Place
K12 Alumni, Duke KURe

Voiding and Muscle Contractility
Dysfunction in a Rat Model of
Detrusor Underactivity

2021 Virtual Annual Meeting May 21-22, 2021

This program promises informative content, with presentations from a variety of speakers, including many CAIRIBU Investigators and Trainees. Below is just a sampling of individuals participating:

Dean Assimos, MD
PI, UAB P20 Center
President, R.O.C.K. Society

Kristina Penniston, PhD, RDN, FAND
PI, CAIRIBU Interactions Core
Secretary-Treasurer, R.O.C.K. Society

Lauren Baker, PhD, DVM
K12 Scholar, UW-Madison KURe Program

Gregory Tasian, MD, MDc, MSCE
PI, CHOP-UPenn P20 Center

Kyle Wood, MD
Investigator, UAB P20 Center

Naim Maalouf, MD
Investigator, UAB P20 Center
